Number Cases by Event Date

Illness may not have been reported yet.

[^] Test results received by public health from all reporting labs. All negative results may not be represented due to the large number of fax reports from new labs testing for COVID-19.

* Includes both people with a positive test (Confirmed), and symptomatic with a known exposure to COVID-19 (Probable).

** Hospitalization status at time case was investigated by VDH. This underrepresents the total number of hospitalizations in Virginia.

[†] Probable case status was defined starting April 5 by CSTE, for more information click here:
