**I. Purpose**

To allow the Virginia state licensed pool contractor to self-certify the required hydrostatic pressure test results of the water circulation system in accordance with the International Swimming Pool and Spa Code (ISPSC).

**II. Scope**

This policy applies to all residential and commercial inground swimming pools and spas installations.

**III. Policy**

The contractor will conduct and document all compliant hydrostatic pressure tests on the provided Culpeper County Building Department certification form available online on the department's homepage.

The completed form must be received by the department prior to scheduling the project's final inspection. Absence of the completed form will result in a final inspection scheduling denial.
