INTRODUCTION

The Culpeper County Capital Improvements Program for fiscal years 2023 – 2027 is outlined in this document which is a statement of intent regarding the programming of its capital expenditures on public facilities over a period of five years.

What is the Capital Improvements Program?

Capital Improvements Program (CIP): A fiscal planning tool, the CIP assists the locality with the orderly and efficient physical development of a community. It is a five-year plan that identifies needed capital projects, estimates all costs, lists the year when each project should begin, and determines the best method of finance. It is based upon the Comprehensive Plan, another planning tool, which guides decisions about the long-term physical development of a community.

Capital Projects: The acquisition or improvement of facilities, equipment or services that are “major” expenditures and have a useful life greater than two years. The local government determines the amount constituting a major expenditure. Culpeper County has determined that financing facilities and equipment during the next 5 fiscal years will be unit costs greater than \$50,000 as set forth in the County’s Financial Policies adopted September 3, 2013.

Capital Budget: An annual allocation of funds for capital projects. The capital budget provides for the actual expenditures for those projects which are planned in the CIP.

The Goal of the CIP

The goal of the CIP is to provide a systematic approach to planning and implementing capital projects through the anticipation of future capital facilities needs and the allocation of financial and other resources for these projects.

The CIP Process

Project requests are submitted at the beginning of the CIP cycle annually to the Department of Development from County departments and agencies. These requests are reviewed with department and agency directors prior to Planning Commission review. Once the Planning Commission has completed their review, a draft is forwarded to the Board of Supervisors. After the Board of Supervisors has reviewed and refined the Capital Improvements Program, a budget public hearing is required. The CIP is normally adopted as a whole in conjunction with the adoption of the budget, annually. The projects as shown in year one of the CIP become the capital budget for that fiscal year. The latter four years of the CIP are a planning tool only and do not reflect a commitment to provide funding.

Benefits of Having a CIP

The CIP integrates planning with the financing of capital and/or public improvements. The advantages to this program include:

- Assistance with the implementation of the adopted Comprehensive Plan;
- Achieving lower costs by avoiding crisis financing, obtaining better interest rates, and taking advantage of State and Federal loans and grants;
- Identifying the need for, and leading to, the acquisition of real estate required for improvements in advance, prior to increases in value or loss to other uses;
- Increase in taxpayer awareness of various capital projects and the costs involved; and
- Planning projects for the future based upon need and the ability to pay.

Administration of the CIP

- In accordance with § 15.2-2239 of the Code of Virginia, the Planning Commission shall prepare and revise annually the Capital Improvements Program.
- The Department of Development is designated as the primary office responsible for formulation of the annual draft Capital Improvements Program.
- All departments and agencies are requested to submit proposed capital improvement projects to the Department of Development in accordance with established administrative procedures.

The CIP Process

1. Initiate Program (Annually, each November)
2. Determine the Status of Previously Approved Capital Projects
3. Determine New Projects to Add to CIP
4. Prepare Draft CIP
5. Planning Commission Review
6. Perform Financial Analyses
7. Review Project Requests in Light of Financial Analysis
8. Finalize CIP for Governmental Consideration
9. Adopt CIP
10. Adopt Capital Budget

MATCHING FUNDS FOR AGRICULTURAL LANDS PRESERVATION PROGRAM

ACCOUNT NUMBER: --000-000-

CIP DEPT: MISCELLANEOUS

I. PROJECT DESCRIPTION

1. DESCRIPTION

There is potentially a unique opportunity to leverage some private and/or state funds towards funding the purchase of development rights and preserving property yet to be determined from being further developed. The purpose of this project is to promote and encourage the preservation of farmland in the rural portion of the County, where agricultural uses predominate, by means that are voluntary, rather than regulatory. The preservation of farmland will promote and enhance agriculture as an important industry that contributes to the maintenance of a diverse and healthy local economy.

2. PHYSICAL LOCATION:

TBD

3. NEEDS/BENEFITS/ IMPACTS IF NOT COMPLETED

The County several years ago drafted an ordinance for an agricultural lands preservation program. This program would function similar to a PDR or purchase of development rights program to preserve property from being further developed.

COUNTY WIDE CCTV SECURITY SYSTEM UPGRADE AND INTEGRATION

ACCOUNT NUMBER: 94100-8213-000-000-

CIP DEPT: PUBLIC SAFETY

I. PROJECT DESCRIPTION

1. DESCRIPTION

The CCTV upgrade of 7 buildings includes replacing all analog cabling with CAT6 cabling, replacing the current 96 analog cameras with IP digital cameras, replacing 7 DVR's with Network Video Recorders (NVR) stations to store and process images from IP cameras. This also includes software upgrades, and an enterprise server to integrate all cameras to one source.

2. PHYSICAL LOCATION:

Various County owned Facilities

3. NEEDS/BENEFITS/ IMPACTS IF NOT COMPLETED

This project will help maintain safety and security of all County buildings and employees. The system will be under one enterprise server for cameras within County buildings allowing for future expansion, integration and cost savings in power consumption.

FUTURE REVENUE SHARING PROJECTS

ACCOUNT NUMBER: 94130-8213-000-000-

CIP DEPT: PUBLIC WORKS-ROADS

I. PROJECT DESCRIPTION

1. DESCRIPTION

50-50 matching funds from VDOT for projects as prioritized by the Board of Supervisors. Roads that could potentially be hard surfaced through the Rural Rustic Program and Revenue Sharing funds include Rt. 650, Rt. 646, Rt. 635, Rt. 682, Rt. 672, Rt. 610, Rt. 688, Rt. 626, Rt. 629, Rt. 706, Rt. 624, Rt. 733, Rt. 655, Rt. 721, Rt. 1162 and other existing gravel roads. The Board plans to prioritize this list each application cycle depending on available funding. It may be prudent to also address certain intersection safety and congestion solutions as well such as for the intersection of Rt. 229 and Rt. 621, or road improvements in the Rt. 666/Braggs Corner and Nalles Mill Rd. to Chandler St. area as this area has seen an increase in traffic and development in the past several years. There also has been discussion about making safety improvements along Rt. 663/Stevensburg Rd. from Rt. 3 to Rt. 666 including but not limited to potential shoulder widening. Plans are also being developed for a potential collector road improvement from Rt. 522 North to Rt. 29 South, near and around the Reva area as well as Rt. 603, White Shop Rd. improvements. The Board may seek Revenue Sharing funds to accomplish these types of projects as well.

2. PHYSICAL LOCATION:

Various Locations (See Description Below)

3. NEEDS/BENEFITS/ IMPACTS IF NOT COMPLETED

With shortage of state funding for roads, local funding leveraged with revenue sharing funds is one way to continue improving our transportation infrastructure.
